ANAV TRIBAL HEALTH CLINIC INCREASES SERVICES FOR TRIBAL MEMBERS AND SURROUNDING COMMUNITIES

About Anav Tribal Health Clinic:

Anav Tribal Health Clinic provides culturally sensitive, high-quality healthcare to Tribal communities and surrounding communities in Siskiyou County in Northern California.

Fort Jones, CA – Anav Tribal Health Clinic (ATHC) is aware of recent and past internet postings online that raise concerns about a medical provider serving at our Tribal clinic. These postings disparage the Quartz Valley Indian Reservation and mischaracterize the integrity of the Tribal health clinic.

Key facts:

- The physician in question, Dr. Barbara Knox, has never been sanctioned or disciplined by any state medical board.
- There are no active charges being investigated or pending.
- When hired by ATHC, this provider met all the requirements and conditions for employment and continues to do so.

Our Commitment:

ATHC adheres to evidence-based practices and maintains transparency with Tribal leadership and regulatory bodies. We operate within a framework of accountability, transparency, and cultural competence – protecting families while delivering evidence-based care.

Our priority is the health and safety of our children and families. We stand by our team and the integrity of our care. The physician in question has been thoroughly vetted and meets all professional standards required by law. We will not allow misinformation to undermine the trust we have built with our Tribal community.

We encourage anyone with questions to contact us directly at clinic.director@qvir-nsn.gov.
